1. From the car park, cross the busy A470 and walk left along the pavement to Dolmelynllyn Farm and up the driveway to Dolmelynllyn Hall. Walk up the driveway until you reach a three-way junction. Take the lower track towards the cottages. At the bottom of the track, aim straight ahead and follow the way-marker down the path and through the gate towards the lake.
2. As you go around the restored lake, take time out for a picnic or to peer into the water to see what fish and insects you can spot.
3. When you've completed the circuit, retrace your steps to the gate, and go back up to the track and on to the car park.
